

JA Our Families[®] Program Overview

JA Our Families introduces students to learning objectives for first-grade social studies, including families, neighborhoods, money, and needs and wants. Through hands-on classroom activities, students also explore the concept of entrepreneurship, specifically the ways in which businesses provide goods, services, and jobs for families. JA Our Families is volunteer-taught and kit-based, and includes five 30-minute sessions, with additional extended learning activities and optional digital assets offered throughout.
